

Bennett Valley

VOICE

VOLUME 26, NUMBER 4

Bennett Valley Homeowners' Association (BVHA)

JULY, 2003

“It’s Been A Most Amazing Spring at Our House” – *Mary Wagner*

“It began when my husband, Wells, noticed a barn owl “jogging” about one morning. Clearly this mature bird was unable to fly and needed help. After a quick phone call to Bouverie docent and Bird Rescue volunteer, Diane Hichwa, a plan was formulated. She arranged for a volunteer to capture the bird. I was relieved that the injured bird would be cared for, but very concerned about potential young in the nest box close to the injured adult. That night Wells and I observed only one adult entering the nesting box and we could hear the hissing noises of the juveniles.

The next day Wells offered to use the tractor with a fork lift to elevate me and the volunteer from Bird Rescue so we could see what was in the box. We found six young. Both the male and the female barn owl are active in feeding the young, who remain in the nest for 50 to 54 days. It was decided then that I would become a stepmom for these owls. April 24th we began the daily ritual of defrosting 18 mice, provided by Bird Rescue, and going out to the barn in the late afternoon. Often the surviving parent would be roosting in the barn. Wells would start the tractor and I would don goggles, leather gloves, and a hard hat, in case the adult decided to protect the nest. Then Wells would lift me 20 feet up in the air and I would peer in the entrance hole, listen to the bill snapping and hissing, and deliver the dead mice.

It has been such a fabulous opportunity to learn more about these eerie and beautiful creatures. I have watched them grow, gain feathers and become more aggressive. We have reason to believe that the adult took a new mate after about ten days, but we don’t know if it was a lasting relationship. We could only verify the presence of two adults for a couple of days. After three weeks, Bird Rescue volunteers returned the “jogging” barn owl to our property. It flew off with a little coaxing but not toward the nesting box. Now when I feed the owls, there are only three in the box, but after dark we hear the young who fledged in the

the trees, begging for the parent or parents to feed them. I leave a few dead mice on top of the nest box now. Perhaps the young or the adult will find them and continue to supplement the natural food supply. I expect that the other three will fledge soon and I will have to adjust to the empty nest syndrome again.”

From the Bouverie Preserve newsletter, where Mary Wagner and Diane Hichwa (both Bennett Valley residents) are docents.

Open Space Preservation

Bennett Valley/Sonoma Mountain

On Tuesday, July 1st, County Supervisors voted to buy the 168-acre (Bill and Ruth) **Jacobs Ranch**, just off Sonoma Mountain Road, shortly after the Pressley Road turn-off, for open space and recreation. The funds used to purchase this ranch are from the designated ¼ cents sales tax, approved by county voters in 1990 (for twenty years) for Agricultural Preservation and Open Space in Sonoma County.

Located on the northern face of Sonoma Mountain, this property has so much of value to preserve including a mix of oak-forested slopes, open meadows, a sheltered redwood forest grove and the South fork of Matanzas Creek. The southerly portion of the property provides expansive views to the coastal ridgeline west of Sebastopol. Improvements on the property include a single-family residence, a cottage, and two horse stall barns & exercise rings.

The land might ultimately become a county or state park, but that could take years because of dwindling public revenues. LandPaths, a nonprofit group doing land management, is considering stewarding the property for limited public use. Some Bennett Valley residents have expressed concern about public access to this property from the very narrow Sonoma Mountain Rd. Hopefully another safer location for public access will be arranged.

Sonoma Mountain Preservation Group (SMP) Marks 10 Years of Work (1993-2003)

*By Pat Eliot, Secretary & Longstanding Member of SMP
5850 Grove St., Sonoma, CA 95476*

Organized in March 1993, Sonoma Mountain Preservation Group (SMP) is celebrating its tenth year. In January 2003, SMP's Steering Committee met to tally the organizations accomplishments over the past decade and to set goals for the future.

Established with the object of preserving the scenic, agricultural, and natural resources of Sonoma Mountain and to expand recreational opportunities on the mountain, SMP has worked constructively with public and private agencies and organizations to carry out its mandate. In that context, SMP has supported the purchase of conservation easements by the Sonoma County Agricultural Preservation and Open Space District on the following Sonoma Mountain properties; Skiles, Cook, Morelli, Scott, Moon, Freiberg, McCrea, and the Sonoma Development Center. The district's purchase of development rights through conservation easements leaves land free of development.

SMP worked actively to support the open space district's acquisition of a conservation easement on the Sonoma Developmental Center's (SDC) wild upper lands, which, surplused by the state, were in danger of sale or lease. Subsequently, the lands were transferred from SDC to Jack London State Historic Park, thus adding 600 acres to the park. The Sonoma Ridge Trail was constructed along SDC'S ridgeline acreage, and a further two miles of trail were built on the McCrea forever-wild easement, though this trail has yet to be opened to the public.

On the northern flank of the mountain, SMP pushed to set aside 80 acres along the ridgeline in the Neuman subdivision. This acreage was subsequently gifted to Sonoma County Regional Parks inclusive of a future trail corridor along Meadow Lane and Matanzas Creek.

SMP worked with community groups to defeat the Galvin family's efforts to subdivide and create 36 homesites on Sonoma Mountain's ridgetop between the cities of Sonoma and Petaluma.

A priority for SMP was the creation and adoption in 1998 by the Board of Supervisors of the Taylor Mountain/Sonoma Mountain Development Guidelines, which are intended to reduce the visual impact of residential and related development on both Taylor and Sonoma Mountains.

In 1999, SMP achieved incorporation as a nonprofit public benefit corporation; and finally, SMP now publishes a quarterly newsletter currently sent to more than 1,000 individuals and organizations.

Bennett Valley Calendar Entries Let's make this the best calendar yet!! Calendar Entry Deadline: August 31st

Using the Calendar Photo Entry Form on the back page, get your entries in for 2004 calendar competition. Call Judy, 544-0234 or Suzanne, 542-1608 for any questions.

Bennett Valley Community Activities

Remember to note these dates on your calendar!

1. Bennett Valley Homeowners' Association

The BVHA Board meets at the BV Fire Station the third Wednesday, every other month, with the next two meetings being on July 16th and September 17th. Normally these meetings start at 7:30 pm, but, when a speaker is scheduled, the meeting will start at 7 pm. **Please join us July 16th, at 7:30 pm.**

2. Bennett Valley Fire Protection District –See page 5 for further information about Board meetings. **Be sure to attend Bennett Valley Community Day on Sunday, September 7th, from noon until 5 pm, at Jackson Park on Grange Road. There will be a chicken and salmon barbecue, pasta, salad, beer, wine, soft drinks, games, fun for the kids and much more. The Auction items include art, wine, food, body work, timeshares, collectables, dinners, and more, all in support of our Bennett Valley Volunteer Firefighter Association.**

3. Sonoma County Board of Supervisors – Meets at different times every Tuesday (except on weeks when there is a holiday) at 575 Administration Drive, Santa Rosa. Valerie Brown is the Supervisor for our First District. You may call her or Lynn Morton-Weil, her Aide, at 565-2241, if you have any questions or concerns

Bennett Valley Clean-Up Day

We want to especially thank the following people who came to help us clean up the Bennett Valley Roads, on Saturday, June 21st, 2003; *Bobbie Blair, Eve & Norm Boling, Lois Brown, Craig Cousins, Tonya & Ashley Cox, Michael Cronin & Terrie Lockwood, Suzanne Dougherty, John Fitzpatrick, Patty Gundry, Dagmar Hoheneck, Marilee Jensen, Frank Nye, Mike, Debbie & Jennie Pavone, Dave & Sandy Sandine, Lu Schultz, Jim Stocks, and Priscilla Vivio along with John, Tina, Brodie and Diane Vivio. Great Job!*

Bennett Valley Fire District Information

- **The Board of Directors of the Bennett Valley Fire Protection District (BVFPD) met on June 3rd**, a week earlier than usual. The Board approved an Administrative Agreement with Gold Ridge Fire District for the fiscal year 2003/2004, with the understanding that options with other fire districts would be explored. A preliminary budget for 2003/2004 was approved which included 3 part-time firefighters, 8am until 5pm, seven days a week. The proposed budget for the tax increase last year only included this added firefighter for 5 days a week. Andy Pforsich, the new BV Fire Chief, pointed out, following some community input, that if three part-time firefighters were hired, rather than one full-time firefighter, enough money would be saved in not paying health insurance, retirement and overtime, to cover the cost of this position for 7 days a week; a significant improvement in BV firefighter coverage.

ALARM CALLS, 2002 The total calls have increased 22.8% since last year, with 198 calls in 2001 and 243 calls in 2002. In both years the largest number of calls were for medical aid, with 53 calls in 2001 & 82 calls in 2002. Fires in Bennett Valley and mutual aid (for other fire districts), combined, were down slightly, from 76 in 2001 to 69 in 2002. Vehicle accidents also decreased slightly, from 42 in 2001 to 35 in 2002.

▪ **THREE FIRE REPORTS (ONE FOR TRAINING)**

1. May 8th, on La Paz Lane, Bennett Valley– The alarm came in from a fire alarm company paid for by the homeowner. These can frequently be false alarms but when the four firefighters arrived at the home (Jason Mallory, Brian Campbell, Matt Tognozzi and Brian McFadden) they found smoke coming out the eaves and the windows were black. Cars were parked in front of the home but no one was home. After putting on their breathing apparatus and knocking down the front door, the firefighters rapidly made their way into the home to find fire in the kitchen, smoke everywhere, and two little dogs, which they rescued. They immediately put the fire out limiting the damage to kitchen cabinets and sheetrock. They also set up positive pressure ventilation to blow the smoke out the front door. Household belongings were covered with a tarp, to protect them from further smoke damage and water damage was minimized as much as possible. Santa Rosa Fire Dept. sent a fire engine there within 10 minutes (mutual aid) but by the time they arrived the fire was completely out. The report was that our BV firefighters did an excellent job putting out this fire quickly as well as protecting the dogs.

2. Training – Saturday, June 7th, Molinari Road, Bennett Valley A house was donated to be burned down as a training experience for the firefighters. A concerted effort was made to notify all of the neighbors ahead of time. Beginning about 8 am, they set the house on fire twice and put it out quickly, in order to see how it all worked. A real fire inside a house is very different than what they had seen in training towers. About 40 firefighters were there, including many firefighters from Bennett Valley, plus from Glen Ellen, Gold Ridge, and Skywalker Ranch in Marin County. They were completely finished by about 5 pm. After the fire had started, a *Fire Behavior Class* was held for those firefighters who had never seen a house burn down before. This experience presented a “golden training opportunity” for a number of firefighters. (*Bryon Reid)

3. Saturday, June 14th, Sonoma Ridge Vineyard Cars were parked on a grassy area uphill from a wedding party when one car caught on fire. The flames spread to the dry grass, igniting 3 other nearby cars. Bennett Valley Fire Captain, Sean Cotton, reported that the firefighters had the blaze completely out in 16 minutes with no injuries or additional damage.

- **BV FIRE STATION REPORT/CHANGES** As of 6/13/03, Jason Mallory reduced his hours to working part-time engineer shifts, but continues to be active as a volunteer captain and president of the BV Firefighters Association. Bryon Reid has been selected to replace Jason on Shift C. Mike Musgrove continues as the engineer on Shift A.

Brian Campbell, the engineer for Shift B, reports that having another paid firefighter during the day for each shift is really more effective and safer. Among other changes, they now have an improved response time with at least two firefighters out the door immediately and the volunteers joining them shortly. Brian also reports that Bennett Valley Fire Chief, Andy Pforsich, has done a great job of increasing the structure and better defining both shift duties and responsibilities. Shifts A, B, and C each have an assigned Battalion Chief, a volunteer Captain, a firefighting engineer (on duty for 24 hours, starting at 7 am) and a part-time firefighter (on duty from 8am to 5pm.) There are also one or two volunteers being reimbursed \$25 each to sleep over at the BV Fire Station each night.

Bryon Reid, the new firefighting engineer for Shift C, has been a BV volunteer, has completed the Firefighter I Academy at SRJC, has worked for two summers for CDF fire and 2 years part-time for Glen Ellen Fire District. He is also a full-time student at Sonoma State. Bryon is very enthusiastic about and committed to his career as a firefighter.

Bennett Valley Fire Protection District Board of Directors

**6161 Bennett Valley Road, Santa Rosa
(707) 578-7761 or 578-8471**

Matt Phillips, Chairman
Dan Felciano, Deborah Haarstad,
Marilee Jensen, Mark Richardson

The Board meetings are on the 2nd Tuesday of each month, at 7:00 pm. at the Bennett Valley Fire Station. The next two meetings are scheduled for August 12th and September 9th, but be sure to confirm the date.

Everyone is welcome to attend. You can call a Bennett Valley firefighter at 578-8471 if you have any questions or concerns. **In addition, you may call one of the firefighters if you want to request a fire safety check for your home and surrounding property.** Also please feel free to call the Bennett Valley Fire Chief, Andy Pforsich, at 578-7761..

Residents Warned of High Fire Risk

By Mary Callahan, The Press Democrat, 6/29/03

“With warm summer weather arriving and wildland vegetation growing drier by the day, local fire officials are urging residents to take stock of fire risk and do something about it.

A bumper crop of grass, weeds and brush produced by late-spring rains makes fire prevention especially important this year, firefighters said.

...The goal, in the parlance of fighting fires, is creating “defensible space” around homes.

Firefighters said it’s particularly important in semi-rural areas where homes are surrounded by brush.

“The defensible space works like magic,” Sonoma County Fire Chief Vern Losh said. “It’s just something we can’t overemphasize.”

Windsor Fire Chief Ron Collier said “The public has to be prepared themselves. We cannot do it. We don’t have the resources to do it.”

A new publication put together by local fire agencies is intended to make it easier.

“**Living With Fire In Sonoma County**” offers step-by-step instructions specific to topography, home construction and nearby vegetation.

Losh said the 12-page guide has been in the works for four years and includes the input of uncounted experts and local fire officials.

Every effort was made to make it as specific to Sonoma County as possible, right down to what flame-resistant plants work here, and how readily available they are, he said.

The brochure is available at...(**Bennett Valley Fire Station**) as well as the County Fire Services and Permit and Resource Management Department.”

Morley Winery; Proposed Winery Project

The proposed Morley Winery will be a new winemaking facility on the 40-acre parcel, located above Bennett Valley Rd., just west of Bennett Ridge, at 6860 Serenity Way. Twenty-three acres of the parcel have been permitted for development of vineyards which are currently under construction.

The owner, Eric Flanagan, has stated that the proposed winery will be a small owner-operated winery with grapes coming exclusively from his vineyards and processed on site in order to make a special estate wine. All grapes are to be hand-picked to preserve the quality. The winery’s maximum production is 7,500 cases. There will be no public access, public events, or wine tasting.

Some of the neighbors have expressed concern about **traffic, light, noise, water, wine must, odors, impacts on wildlife, fencing, and visual impacts.** The owner has been very cooperative with the neighbors and very sensitive to possible impacts. He has spent a considerable amount of time answering questions and/or changing plans based on expressed concerns. The BVHA Board of Directors had a special community forum meeting on June 18th, announced in advanced by postcards sent to members, which included Nick Chase from Sonoma County PRMD, Morley Winery’s project manager, Hubi Schrage, and about sixty Bennett Valley residents.

Mr. Flanagan is saying the winery will **not be seen** from the Bennett Valley floor, but it will be visible from more distant hills. PRMD is planning to evaluate visual impact further. Mr. Flanagan and/or Mr. Schrage have also stated the following about traffic, lighting, noise, water, flies and odors. **Traffic** will be relatively minimal, probably less than 16 trucks a year, because grapes will not have to be hauled in or out. They will not have much **lighting** or night activity at the winery. The main source of **noise** from the winery will be the crusher, and it will be located to shield the noise from adjoining properties. The hours of operation will be typical business hours, except grape picking will start at sunrise during the crush.

The winery will use approximately 90,000 gallons of **water** per year, considerably less than an average household (3 bdrm. residence). Their proposal is to have the winery’s water treated to meet the requirements of the Regional Water Quality Control Board, then reused in vineyard irrigation, so only a small increase of water usage is expected. They are not expecting added flies to be attracted by their winemaking process or any unpleasant odors.

A number of these items are expected to be on the use permit. Nick Chase of PRMD has indicated a public hearing will be held on this project before the Board of Zoning Adjustment. For more information about the schedule, call Nick at 565-1932.

Upcoming BVHA Board Elections

Come one, come all! The time has rolled around once again for nominations for positions on the Bennett Valley Homeowners' Association (BVHA) Board of Directors. The Board meets the third Wednesday of every other month, usually at 7:30 pm at the Bennett Valley Fire Station, plus special meetings as needed. **Three directors are to be elected, and the term of office is three years.** The directors whose terms are expiring are Marilee Jensen, Leanore (Lolly) Mesches and Marilyn Stocks. Each of them may choose to run for another term.

Qualifications for office (from the BVHA bylaws) are that each candidate (1) must be a voting member of BVHA and (2) must have a strong commitment to promoting and preserving the rural character and natural environment of Bennett Valley. This second qualification must be evidenced by a statement of 250 words or less, to be included with each candidate's request for nomination. Members may declare their candidacy and submit their statements after July 1st.

All requests for candidacy, with accompanying statements, must be in the hands of the Nominating Committee by 5 p.m., August 15, 2003. Candidates may present their packets to any of the Nominating Committee members.

For campaign purposes, such as sending out fliers, candidates may submit a written request to BVHA, including a statement about the intended use, for a list of names and addresses of those members entitled to vote in the election for directors. Telephone numbers can not be used for this purpose.

Ballots, together with candidates' statements, instructions for voting, and return envelopes, will be mailed out to the membership with the September VOICE, to be mailed September 12th. Results of the election will be announced at the following meeting of the BVHA Board of Directors.

Candidates, please send notice of your candidacy together with accompanying statements to any of the three committee members, listed below. BVHA members or others having questions concerning these procedures should also contact one of the members of the nominating committee:

BVHA Nominating Committee Members

- 1.) Eve Boling, 2769 Rollo Road 573-8614
- 2.) Jean LaCombe, 4393 Pressley Rd. 585-3482
- 3.) Chairman Phil Temko, 4780 Hidden Oaks Rd. 544-0234

(All three addresses are in Santa Rosa, 95404.)

BVHA Membership

BVHA now has 355 members for 2003. While membership checks continue to come in, we want to encourage parcel owners to *support BVHA in promoting & preserving the rural character of Bennett Valley*, by sending the \$15 annual dues to BVHA, c/o Blair/Dougherty, 7373 Bennett Valley Rd., Santa Rosa, CA, 95404. There are now 114 households who are choosing to get their VOICE by e-mail, at a savings of \$253 annually in postage. If you would like to receive your VOICE by e-mail, please be sure to call Bobbie Blair at 542-1608.

Here's a **BIG WELCOME** to the following first time members or rejoining members: *Vicki & Tim Haddad, Sara & Bill Shoemaker, Randall & Melissa Harris, Janet Eisen, Sally Rosenblatt, Joseph & Faye Soli, Susan Badger & Lee Johnson, Sandra & Gordon Metzger, June & Greg Hubit, Clement Falbo, Myron Pugh & Mary Graham, Linda & Duayne Emis, Carlwood Farms, Elizabeth Baggett, Kevin King, Martin & Louise McClure, Robert & Karen Anderson, Janet & Joaquin Sanchez, Diane & Bryant Hichwa, Gail Schauer-Daily Family Trust, Francis Fernandez & Carmen Flores, Jeffrey Spragens, Loni & John Knepper, Carol & Richard Rozzi, Raymond Witkowski, Marilyn Watkins, Henry Veale, Jan & William Flory.*

Here's a **BIG THANK-YOU** to the following for their dues plus extra donations: *Brenda & Keith Christopherson, Dave & Sandy Sandine, Patricia Dinner, Randall & Melissa Harris, Merrill & Lebo Newman, Sally & Toby Rosenblatt, Sandra & Gordon Metzger, Fay & Walter Ghielmetti, Elisabeth Baggett, Robert & Karen Anderson, Janet & Joaquin Sanchez, Francis Fernandez & Carmen Flores, John & Loni Knepper, Marilyn Watkins & Jean Zell.*

Brief Summary of BVHA Board Meeting

May 21st, 2003

- Richard Lease, Registered Environmental Health Specialist, made a very informative presentation about septic systems including questions and answers from the audience. He said that the County recommends systems be pumped every 3 to 5 years, but if used by 1-2 people, every 7-10 years should be sufficient. Remember to pump both sides of the tank when pumping and NEVER climb inside empty tanks. If the leach lines back up, you must add new lines. It is important to get a permit from the county to add lines or rebuild the septic system. Leaky toilets are "death" on septic systems due to far too much water flow, but normal use of household cleaning products is not a problem. He advises you keep a healthy system to avoid major problems. Mr. Lease can be reached for information and referrals at (707) 795-1668.
- Levi Gurule of Sonoma Co. Public Works reports that the work on the proposed Grange Road Bridge can't possibly start for 3 to 4 months after the rights-of-way have been established. As of 7/7/03, Mr. Gurule confirmed that these have not yet been completed. The funding for this new bridge will be 80% Federal/20% County.
- Michael Friedenber reported that the county is about to adopt a "Ground Water Contamination Response Plan" allowing the county to assess and then notify citizens in the area of any possible contamination.
- The BVHA Board voted to recommend approval of a variance for a new primary residence at Dragonleaf Estate Vineyards on Bennett Valley Rd.
- Tim Murphy presented proposed BVHA Amended Articles of Incorporation. The BVHA specific purpose is currently *to promote and preserve the rural character and natural environment of Bennett Valley*. The Board is considering broadening the purpose to also include 2.) *servicing as an open forum for community participation* and 3.) *providing a bridge for communication between government agencies and the Bennett Valley community*. To amend the BVHA Articles of Incorporation, the amendment must be adopted by the Board of Directors AND by the vote or written consent of two-thirds of a quorum of the members. The most recent BVHA Bylaws, dated 5/17/00, define a quorum as at least 10% of the voting members.
- Eric Burns continues to work on making the BVHA web-page more user-friendly. This is taking more time than expected, but we hope to see improvements in the near future.
- **We wish to express our great appreciation to Jess Jackson for once again so graciously**

supporting our BV Volunteer Firefighters by letting us have Bennett Valley Community Day at Jackson Park.

- BV Firefighting staff is considering how to screen their water tank behind the fire station. Toyon bushes have been suggested.
- BVHA and Bennett Ridge Community Association have both agreed to share in the cost of a new California flag for the BV Fire Station. Brian Campbell has ordered a new flag.

For more information about this meeting, or the special meeting on June 18th re: the proposed Morley Winery, you can call Bobbie Blair, at 542-1608.

BVHA BOARD OF DIRECTORS

TENTATIVE AGENDA FOR MEETING,

Wednesday, 7/16/03, 7:30 pm,

BV Fire Station

- Call to Order
- Public Input, Approval of Treasurer's Report and Minutes of Last Meeting
- Monthly Reports: Board of Supervisors, Open Space District, Sonoma County Public Works & Permit Resource & Management Dept. (PRMD) *Lot line adjustment, James Furness, Jamison Ct.*
- Recommendation to PRMD re: Morley Winery Request for a Use Permit and Design Review for a 7500 case winery, the construction of a new building and new wine caves.
- Amendment and Adoption of BVHA Articles of Incorporation.
- Approval of Letter to PRMD re: Possible Conflict Between Use Permits and Special Zoning Permits.
- BV Fire Station Water Tank Screening.
- BV Community Day and Silent Auction Report
- Update, BV Calendars, 2004
- BVHA Meeting Schedule; October 2003 or not?

What You Need To Know About Water Quality in Your Well

This is the title of a brochure which has been prepared by the County of Sonoma Department of Health Services., Environmental Health Division, dated November, 2002.

One of the sections in this brochure is "*HOW DO WELLS BECOME CONTAMINATED?* ...In addition to natural substances, ground water is often polluted by human activities generating contaminants such as...(agricultural operations, sewage treatment ponds, septic systems)". If you're interested in obtaining a copy of this brochure, you can call (707) 565-6565.
